

TRITON

+PLUS+

Commercial EDITION

For buildings with doors, and padlocks galore, this Triton cuts and engraves so much more! From apartments to houses, high-rises and schools—Triton Commercial is a wonderful tool.

Automotive EDITION

Four wheels or two? This version will do! High-security, double-sided, tubbe, and dimple—Triton Automotive makes cutting keys simple.

Ultimate EDITION

If it's got wheels or wings, or tubular things, Ultimate Triton is fit for a king. Commercial, residential, bikes and locomotives, all jaws are included—even automotive!

TRITON

+PLUS+

The all-in-one key cutting machine that took the locksmith industry by storm is more powerful than ever! Featuring newly upgraded on-board electronics and a robust gear-driven motor, **Triton PLUS** has been redesigned with the future in mind.

Triton PLUS has something for everyone—from journeymen learning to cut house keys, to master Automotive Locksmiths who specialize in BMW and Mercedes, **Triton PLUS** has you covered with three brand-new package options.

Part # 20201006

Commercial EDITION

Perfect for the locksmith who primarily cuts commercial & residential keys, but needs a machine that can grow with their business. Engrave your company name directly onto key blanks, so your customers never forget you.

Package Includes:

- ⊖ (1) Single-Sided Jaw
- ⊖ (1) Tubular Jaw
- ⊖ (1) Engraving Jaw
- ⊖ (1) Engraving End Mill Cutter
- ⊖ (2) 2.0mm Standard End Mill Cutter
- ⊖ (2) 1.0mm Standard Probe Decoder
- ⊖ (1) Triton Jaw Storage Case **NEW!**

Automotive EDITION

Designed for the modern American Automotive Locksmith—cuts 99% of contemporary automotive keys, right out of the box! This package includes an additional jaw for cutting tibbe keys! Also included, are the cutters & decoders necessary for plastic emergency keys, dimple keys (Nissan), and the latest edge-milled VW high-security keys.

Package Includes:

- ⊖ (1) 4-Way Automotive Jaw
- ⊖ (2) 2.0mm Standard End Mill Cutter
